1. Policy statement

Wansbeck Valley Food Bank (WVFB) is committed to working in an open and accountable way that secures the Charity and respect of stakeholders, and as such recognises the role of an effective complaints policy in fostering transparency, fairness, and a culture of continuous improvement.

2. Organisational Responsibility

The Trustees have overall responsibility for ensuring the Food Bank follows the following procedures set out for handling complaints.

3. Scope

This policy covers the handling of complaints received from Food Bank clients, volunteers, members of the public or other agencies, it does not cover the raising of issues and/or complaints from Food Bank employees, which is covered in the Grievances Policy.

4. WVFB's Approach to Handling Complaints

The Charity undertakes to ensure that:

- Making a complaint is as straightforward as possible.
- Complaints are dealt with promptly, courteously, and discreetly – confidentially when appropriate.
- WVFB will respond decisively with an explanation, an apology where we have been at fault, or information on the outcome.
- WVFB will learn from complaints and use them to make improvements in the way WVFB work.
- WVFB anticipate that most complaints can be dealt with informally, but in cases in which a formal procedure is needed, WVFB request that the following complaints procedure is followed.

5. Complaints Procedure

WVFB request that complaints are submitted in the following format:

- In writing, addressed FAO the Chairperson at the Wansbeck Valley Food Bank, Northgate Park, Morpeth NE61 3BP or by email to wansbeckvalleyfoodbank@gmail.com with 'complaint' in the subject line.

- The complainant should include a full explanation of what occurred, when and where the occurrence took place, how it occurred, and the effect on the person(s) involved, any witness

details and copies of any witness statements together with a description of what the complainant thinks WVFB should do to put things right.

WVFB will deal with the complaint as follows:

1. WVFB will acknowledge the complainant within five working days of receipt and provide the complainant with the name and contact details of the person responsible for investigating the matter.
2. The person responsible for the investigation will respond in writing with their findings and proposed resolution within twenty-eight days from receipt of the complaint*.
3. If the complainant is dissatisfied with the outcome of the investigation, they may appeal. Letters must be received within twenty-one working days of the date on the correspondence notifying the complainant of the outcome of the first investigation.
4. The complaint will be reinvestigated. The Chair (or an alternative if the Chair is subject of the complaint) will decide who will consider this if that person was not part of the original investigation. The complainant will be informed of the outcome within 10 working days*.

* Unless the complaint is particularly complex or time-consuming, in which case the complainant will be kept informed of the progress of the investigation and notified of the expected date of completion.

6. Other information

Complaints about staff behaviour or attitude will be handled by the line manager of the staff member in question and following the Charity's Disciplinary Procedure.

The complainant will not be given details of the action WVFB have taken, as such information is confidential.

7. Anonymous Complaints

If a complainant wishes to make a complaint anonymously or does not provide contact details, we will investigate but will be unable to inform the complainant of the outcome of the investigation.

8. Abusive Complaints

If a complaint contains abusive or offensive language, then WVFB reserves the right not to respond. WVFB reserves the right to report any such communication to the Police.

9. Data Privacy Statement

WVFB collates and analyses data about complaints so that we can improve the services we provide. WVFB collects personal information including the complainant's name and contact details, postal address, telephone number, email address and social media contact information, to be able to communicate with them about their complaint. WVFB also collects sufficient information about the

situation concerned to be able to understand what has happened. WVFB may need to request further information depending on the nature of the complaint. WVFB has a legitimate interest in holding this information to be able to monitor and improve our services.

WVFB keeps this information for two years after the complaint has been closed, unless there is a requirement to keep it longer, in which case WVFB will inform the complainant of this. After this time, the data will be aggregated and anonymised.
